## **PACIFIC 3 SA, new high-end LF-powered speaker**

New from the Artis range, Pacific 3 SA is the first tower loudspeaker fitted with the 17cm coaxial unit, the BC17.

This unit consists of a dome midrange-tweeter and ring shaped low midrange-woofer membrane, forming together a portion of pulsating sphere. With constant control of the directivity all along its 175-20,000 Hz bandwidth, it provides Pacific 3 SA with all the benefits of the SCS (Spatially Coherent System) principles developed by the Cabasse laboratory.

The twin honeycomb dome woofers are powered with a 450 W Cabasse built-in amplifier; providing, in a slim cabinet, powerful and controlled LF response down to 37 Hz and deeper. The required cabinet depth has been reduced by 20% through the use of an innovative technical solution, which enables fine tuning of the LF for easy positioning and amplifier matching.

### **Technical Data**

Type:	Floorstander with active bass
Ways:	3
Drivers:	1 x coaxial BC17 2 x 21ND34 21 cm woofers
Sensitivity 1W/1m:	91.5 dB
Cross-over points:	175 Hz - 1,830 Hz
Frequency response:	38 - 20 000 Hz
Nominal impedance:	8 $\Omega$
Minimum impedance:	4 $\Omega$
Power handling:	150 W
Peak power:	1000 W
Standard finish:	Glossy Black – Glossy Pearl
Dimensions:	129 x 29 x 49 cm – 50.8 x 11.4 x 19.3 in.
Weight:	42 kg – 92 lbs
