

Cabasse

STREAM 3

A HIGH RESOLUTION 2.1 WIRELESS AUDIO SYSTEM

Listen to all of your files stocked on your network devices (PC, Mac, NAS servers...) thanks to compatibility with DLNA protocols. Stream from your smartphones and tablets in Bluetooth. Discover thousands of web radios.

The Cabasse application is available for Android and iOS. System control is at your fingertips! Stream 3 uses the same technology found in Eole3 with 2 satellites equipped with coaxial speakers and a subwoofer with embedded electronics, and a 21cm bass speaker.

Cabasse

STREAM 3

WIDE STEREO HIGH RESOLUTION SOUND

The 2 coaxial satellites can be either installed on a shelf or mounted to a wall. They offer very balanced and detailed sound reproduction while the active subwoofer enhances the low frequencies

WIRELESS MUSIC

Listen to all the music from your smartphone or tablet by appairing instantly your Stream 3 in Bluetooth through the NFC tag. And for even more music you can connect Stream 3 to your home network in Wifi or Ethernet and control all the music from the Stream Control application.

SPECIFICATIONS

Type	On shelf or wall mounted
